DNA SOLUTIONS - ISO 17025 Accredited

Rest assured with DNA SOLUTIONS accreditations, qualifications and experience. DNA SOLUTIONS has been performing sibling tests for over 12 years with qualified and experienced scientists and doctors. To date we have carried out over 50,000 DNA tests, and boast a state of art DNA facility with cutting edge DNA analysis techniques and equipment.

THE HOME TEST KIT

The kit in front of you is all you need to obtain the most accurate DNA test using some of the latest DNA analysis technologies and methodologies in the world today. You only need to rub the buccal swab on the inside of the cheek for several seconds, and mail them back to us. We will then analyze specific areas of DNA to give you a test result.

Enclosed you will find the Sample Submission Form, which you must fill out. You only need to include details of those people who are being tested. Write on the Sample Submission Form the name of each person being testing.

KINDS OF TWINS TESTS

DNA SOLUTIONS offers you the choice of TWINS DNA testing services:

IDENTICAL TWINS TEST (monozygotic)

Have the exact same genetic profile, while non-identical twins (dizygotic) have different genetic profiles, much the same as siblings. DNA SOLUTIONS ISO accredited DNA laboratory will use a simple mouth swab from each twin, extract the DNA and profile the DNA by using state of the art DNA testing processes.

The cost is only **\$99 for both twins.**

SEMI-IDENTICAL TWINS TEST

Very recently the world's first set of semi-identical twins was discovered. Semi-identical twins have the exact same mother's DNA, but different DNA from their father (see more details about semi-identical twins below). We can only determine semi-identical twins by additionally testing the DNA from both parents.

The cost for testing both parents and **both twins is \$229**

PROCEDURE FOR CHEEK SWAB COLLECTION

If you are not using DNA SOLUTIONS swabs, as provided in our free kit, you can use 4 Q-tips (cotton buds) for each person being tested.

If you are sending us a discrete sample, then a used toothbrush is the best discreet option.

STEPS:

1. Label a **paper-bag** or **paper-envelope** with name of the person to be tested Please ensure the same information is written on the Sample Form (the following page).
2. Take the brand new **buccal swab** from its packet and gently rub the bristled end on the inside of the cheek up and down for around **10 to 15** seconds. Using the same **buccal swab** repeat again, on the inside of the other cheek.
3. **Instead of the buccal swab you can use 4 Q-tips (cotton buds).**

You **MUST cut the head of one side of the Q-tip**, so we KNOW which side of the Q-tip contains the DNA! After you have cut the head of the Q-tips on one side, hold the handles of 2 cotton buds in one hand and rub the head of the bud on the inside of the cheek. Rubbing up and down firmly inside the cheek for at least **15** seconds.

Repeat on the other side of the cheek with the other 2 cotton buds (4 in total, 2 per cheek)

4. Immediately place the cotton buds or **buccal swab** into a paper-bag or envelope (DO NOT use a plastic bag) clearly labeled for that person, and mail with forms and payment to DNA SOLUTIONS.

**TERMS AND CONDITIONS**

1. We (DNA Solutions) warrant that the result of the analysis of biological samples provided, whose testing you authorise, is correct but subject to a margin of error of 0.001%. No further representation, warranty, or undertaking is given or made in relation to the result of analysis.
2. The information contained in the result of analysis is prepared solely for the use of the customer to whom it is given or sent by DNASolutions.
3. In the very unlikely event that the result of analysis is found to be in error, being the error caused by DNA Solutions or one of its partners, we shall refund to you any amount you have paid us in respect of the analysis. Alternatively, we shall perform further analysis at no charge to you, the customer.
4. Subject to paragraph 3 above, we shall not be liable for any loss or damages suffered by you or any other person as a result of the provision to you of a result of analysis, the activity of the company or any error that may occur while the samples are in possession of DNA Solutions.
5. We make no representation, express or implied, that the result of analysis is fit for any particular purpose. If you intend to use the result of analysis in any court proceeding you should obtain independent legal advice with regard to your legal rights and with regard to the cost and practicalities of so using the result of analysis.
6. You warrant that you are legally entitled to possession of the samples you have provided to us. You agree to indemnify us against any loss or damage that we may suffer as a result of any illegal activity related to the requested service and in which you may have taken part directly or indirectly. You should obtain independent legal advice about your legal entitlement to take or obtain samples of biological material from persons other than yourself. We make no representation that you are legally entitled to perform any particular act in order to obtain biological samples for analysis, and we will not indemnify the customer or any other person for any illegal act derived directly or indirectly from the sample collection or the test.
7. If a supplied discrete sample is deemed to be insufficient for testing purposes, we will test one additional discrete sample at no extra charge. If this sample is also deemed insufficient for testing purposes, any further discrete samples tested will occur an additional discrete sample fee. Discrete sample fees are non-refundable.
8. Test results are released only when all charges have been paid in full. Full payment is due once the laboratory has received the specimens and the fees are non-refundable.
9. If DNA Test services are canceled before shipping and/or handling a \$35.00 refund processing fee will be deducted.
10. You agree to allow any DNA information obtained to be used anonymously for scientific statistical purposes.
11. DNA SOLUTIONS gives test results faster than its advertised time in over 99% of cases, no liability is accepted for late results. The promised date of receipt refers only to the result of the test, not including any additional report requested. We will not accept responsibility for any delay caused by a third party. Persons who have paid an additional fee for express results, shall receive 20% of that express fee refunded for every day past the promised date of receipt of results, or until the entire express fee is refunded in full.
12. DNA Solutions does not offer an on-site representation for ratifying the results. The client understands and accepts that, in the case the presence of a technician or any other personnel of DNA Solutions or any of its associates for any kind of process (for example a trial), this service will not be offered. In case of a subpoena the client will be responsible for any expense delivered from the displacement of the required person(s).
13. DNA SOLUTIONS will process 16 Loci for a 16-Loci test, 18 loci for an order of a 18-Loci Premium Test, and will process 23 loci for an order of a 23-Loci Super test. In the advent that any loci fail to yield a result (ie. such as can more often happen with difficult, damaged or older samples) the customer shall accept a result allowing for at least 14 out of 16 (for a 16 Loci test), 16 of 18 (for 18-Loci Premium Test) and 19 of 23 (for 23-Loci Super Test) to have yielded a final result.

I hereby agree to the terms and conditions set out above and confirm the information I have given is correct.
